

TSGC RS24 Remote Switch

The **TSGC RS24 REMOTE SWITCH** has 24 cable card connectors, mounted on a motherboard. Each card connector will accept either the 12 or 18 T/C cable card. You need only as many T/C cable cards as cables in the application.

QUALITY & RELIABILITY FEATURES

- ◆ Relay system with hermetically (environmentally protected) sealed relays.
- ◆ Gold-plated contact points on all connectors.
- ◆ LED indication on the cable cards — aids in troubleshooting and checkout.

FLEXIBILITY & GROWTH FEATURES

- ◆ **Customer Flexibility** — switch relays data for use in conjunction with a PLC to create a custom aeration program.
- ◆ **Cost Effective** — a PLC with TSGC's remote switch (or switches) can be set up to automatically control fans which saves energy and manpower.
- ◆ **Serviceability & Growth** — modular components for ease in replacement or expansion.
